

Hospice SENB Goldrush 50/50 Rules

The Hospice SENB Goldrush 50/50 is a weekly lottery that takes place every Wednesday at 11:00am.

TICKET PRICES

- 25 for \$20
- 10 for \$10
- 3 for \$5
- 1 for \$2

How to Play

- You must register to activate your account to play.
- Once activated your ticket number will remain in the draw every week until you deactivate your account online, or we are advised to deactivate your account.
- At the start of each weekly draw, one ticket with your unique ticket number will be entered into the draw.
- On draw day, a ticket is chosen using a random number generator and it is identified via the 50/50 Goldrush automated software if that ticket number was purchased that week.
- If the ticket number was purchased, the player associated with that ticket would be a winner and collect half of the Goldrush Jackpot.
- If the ticket number was not purchased, the player would be a non-winner, and the entirety of the Goldrush Jackpot would be rolled over to the next week.
- The process then starts over the following week.
- There is no limit to the number of tickets that can be purchased.
- You can purchase additional tickets in a draw to increase your chances of winning. The purchase of 3/\$5.00 pays for one ticket which is always in the draw and adds two additional paid tickets for a total of three chances to win on that draw; a 10/\$10.00 purchase pays for one ticket which is always in the draw and adds nine additional tickets for a total of ten chances to win on that draw, etc.
- The “dash + number - #” after each primary number on the player’s ticket represents individual tickets for that draw, which is how the system identifies unique tickets in each

draw. The primary number on the ticket should always be the same, and it should be your assigned player/ticket number.

- Tickets are available for purchase online at www.hospicesenb.ca/lottery-5050.
- You can purchase tickets on a weekly basis or pre-purchase tickets, up to 52 weeks in advance.
- If a player wishes to purchase additional tickets at any time, they do not have to continue to purchase them moving forward. After each draw, those additional tickets (ending in -2; -3, -4, etc) are archived. You only ever have to ensure you pay for your initial \$2 ticket every week to avoid being a NON-WINNER.
